DARNDALE BELCAMP VILLAGE CENTRE
MAKING LIFE BETTER FOR THE WHOLE COMMUNITY.

“We have a vision of Darndale where the physical environment is safe and clean, the local economy is strong and provides jobs and opportunities for local people, where people have confidence and a sense of pride in their community and where our services operate effectively for the good of all.”

ABOUT DARNDALE BELCAMP VILLAGE CENTRE

Darndale Belcamp Village Centre CLG was incorporated on 30th November 2001, for the purpose of managing the Village Centre complex and charged with the integration of services. This form of managing, developing and combining both community and statutory services has proven to be a very successful model, and one we would consider as a blueprint for other communities to follow. Darndale Belcamp Village Centre is situated in a prime location on the north side of Dublin City close to the N32, M1, M50 and city centre bus routes.

Our Values

We believe in working towards our vision in a way that tackles as well as alleviates symptoms. We seek to break negative cycles through early intervention whilst working in partnership with others to identify needs and deliver solutions, either ourselves or with/through our partners. We believe in providing leadership for positive change and supporting leadership in others. We believe in being innovative and creative in our search for solutions to local problems. We believe in listening to and responding to the local community.

Our Five Strategic Aims

- Improve the physical environment so that it is safe and clean and a source of pride for the community.
- Help people to develop the skills and confidence that they need to play an active part in their community and economy.
- Improve the quality and integration of services delivered to the people of Darndale Belcamp.
- Provide services that enhance the lives of people in Darndale Belcamp.
- Promote a positive image of Darndale Belcamp, both within and outside the community.
